

The Maryland Department of Health & Maryland Chapter of the American Academy of Pediatrics

are sponsoring a webinar series
of up to 3 hours of free CME for health care providers:

"Lead, Asthma, Radon and Healthy Homes in Maryland: New Resources for Clinicians and Patients".

The program will help providers to: (1) understand new legal requirements related to lead poisoning prevention; (2) improve clinical management of children with lead exposures; (3) identify and access new services for home-based pediatric environmental hazards including lead, asthma, and radon; and (4) quickly identify pediatric patient needs for these services.

To register for a session, click on the links below:
